DT SWISS

POLISHED TO PERFECTION

Treating your bike well can take many forms. For some, it means letting it glide over the smoothest tarmac; for others, it's the ritual of a daily clean to keep it running like a well-oiled machine. But if you want to polish your bike to perfection, our limited edition ARC 1100 DICUT® WHITE is the upgrade it deserves. With double white decals and a pearly white 180 DICUT® hub, these wheels ensure your bike finally gets the attention it has always deserved.

POLISHED COMPONENTS

DT SWISS

ARC 1100 DICUT® WHITE LTD / 9

DT SWISS

AERO-OPTIMIZED RIM

The 55 mm high, aero-optimized carbon rim provides a great combination of low weight and speed while ensuring comfortable handling.

SPONSORING VISUAL

Enjoy a bold look that catches attention, thanks to the double white decals usually reserved for pro riders.

DT SWISS

POLISHED HUB

A polished touch comes from the 180 hub with its pearly white finish, all while retaining the beloved and reliable Ratchet EXP freehub system.

LIMITED EDITION WHEEL TIRE SYSTEM

The wheels come as a complete wheel tire system, mounted with the limited edition Tour de France tires from Continental, ensuring enhanced aero-optimization at the front with the AERO 111 tire.

EXPERT
OPINION

DT SWISS

EXPERT OPINION

«From the very first few kilometers, you can tell that these new ARC 1100s are something special. The most surprising thing is how stable a 55-mm pair is at high speeds, while still offering a ride feel worthy of a set of climbing wheels as soon as you stand up on the pedals.

All in all, they strike a remarkable balance between stiffness, weight, and comfort. And with that touch of white that pairs perfectly with your shoes, it's hard not to think they're quite simply perfect.»

PAUL MARTIN
